About Velawoods English

Velawoods English is the only online English course designed with a highly interactive and immersive learning experience using a syllabus aligned to internationally recognised English language qualifications and the Common European Framework of Reference for Languages (CEFR).

Using principles from gaming and film-making, the learning programme is brought to life through a storyline you experience in the virtual town of **Velawoods**. As it puts the language into the context of personalised real-life situations, it offers the next best thing to living in an English-speaking country.

This makes it:

- Easier to understand the language.
- Easier to retain the learning, especially new vocabulary and phrases.
- Easier to keep you engaged and complete the courses.
- Easier to prepare for the international qualifications you want to achieve.

My blog

Welcome to Velawoods

I love my new job in Velawoods. I'm a dance teacher at Sports! Sports! Sports! The people here are nice and friendly. Velawoods is not an old town. I think it's only 100 years old. A lot of houses are new, but my apartment is in an old house. I think the house is 80 years old. I love my apartment – it's very nice and it isn't expensive. It's on Greenleaf Street near the park. The park is very beautiful. I like it a lot. The restaurants in Velawoods are very good. The paella in the Spanish restaurant is nice and I love the croissants in the French café here – but they are very expensive! I like Jeff's Diner. It's very nice. Their food is cheap and very good. I like their vegetable pizza. I go there with my friend Karen. She's a yoga teacher at the gym. The people in Velawoods are from a lot of different countries. My friends are Italian and Mexican. It's nice here in Velawoods.

About Velawoods English

Velawoods English is the only online English course designed with a highly interactive and immersive learning experience using a syllabus aligned to internationally recognised English language qualifications and the Common European Framework of Reference for Languages (CEFR).

Using principles from gaming and film-making, the learning programme is brought to life through a storyline you experience in the virtual town of **Velawoods**. As it puts the language into the context of personalised real-life situations, it offers the next best thing to living in an English-speaking country.

This makes it:

- Easier to understand the language.
- Easier to retain the learning, especially new vocabulary and phrases.
- Easier to keep you engaged and complete the courses.
- Easier to prepare for the international qualifications you want to achieve.
